CSMA

Camping & Caravanning Code of Conduct

The General Code of Conduct has been adopted by the Boundless Camping & Caravanning Committee. Any member attending a Boundless rally is deemed to have accepted and agreed to be bound by this code and to acknowledge that it must be complied with by any companion or guest. Rally Marshals have the authority to request a member to leave a rally for persistent disregard of the code.

GENERAL

Attendance at rallies held under the authority of Boundless by CSMA's Certificate of Exemption is to be open only to current members of Boundless by CSMA. Where a rally promoted by Boundless or one of its groups is held under other authority, members and others attending are expected to comply with this Code of Conduct. One named person (the rally marshal) is to be responsible for the conduct of the rally.

SAFETY ON RALLY SITES

All vehicles are restricted to 5mph on the rally field and learner drivers are not allowed. Pitches should be set at 10m between pegs, subject to marshal discretion, and units sited to ensure a fire break of three metres clear space. A 5m roadway must be left clear for emergency vehicle access between rows. Units should be sited as directed and should not exceed 20 to the acre. Towing vehicles should normally be parked at the side of the unit. Open fires are not generally allowed except by permission of the marshal. The use of barbecues should also be agreed with the marshal and should be sited well away from units, awnings, tents, vehicles, etc and suitable fire precautions taken. It is strongly recommended that all units carry an approved fire extinguisher and/or blanket and that everyone should be aware of how to use the equipment they have. It is also considered good practice for a suitable container of water to be sited in front of each unit and that members should have a first-aid kit. Marshals should establish a suitably equipped fire point in a prominent location. Travel Insurance may apply, please arrange with your usual insurance provider. Please notify the rally marshal prior to the rally if you have any special requests regarding dietary or mobility requirements.

GENERAL BEHAVIOUR

Respect should be shown for the landowner's property: trees, fences, buildings, equipment and stock. All dogs and other pets must be kept under control at all times and not allowed to be loose on the site. All animals must be on a lead recommended length of lead when tethered is a maximum of 2m. All animals should be exercised away from the site. Flying kites, model aircraft and drones, the use of catapults, airguns and similar equipment is not permitted. Ball games are not permitted among or close to the units. Where possible the marshal will designate an open space well away from the units as a play area. Children and/or vulnerable adults are the sole responsibility of the Parents and/or Guardians attending the rally. Noise should be kept to an absolute minimum. The use of radios, televisions, generators etc, must not be allowed to cause nuisance to others. Cars should be used with discretion at all times. Each pitch should be left clear of litter at the end of the rally. A careful check should be made before leaving that nothing has been left behind.

PUBLIC HEALTH

There must be clear differentiation between drinking water taps and taps provided for cleaning toilets. The two uses must never overlap. No part of any toilet may be taken to a drinking water tap. If a separate tap is not provided a container of water should be taken to the disposal point for cleaning the toilet. The arrangements for the disposal of waste water and chemically treated sewage must be agreed with the landowner. Waste water should not be allowed to foul the ground. It should be collected in a suitable receptacle and disposed of as directed. Members attending rallies of short duration can reasonably be asked to take their refuse home with them. On rallies where refuse is to be collected however, refuse receptacles should be used. The marshal should ensure proper disposal by the landowner or collection by the local authority or engage a contractor who has given an undertaking to dispose of refuse at a licensed site under the direction of the manager. Under no circumstances should refuse be emptied into a toilet disposal point.

RALLY BOOKINGS

To ensure greater equality for all members to be able to book, Boundless UK caravan rallies that begin after 31 March will only open for booking from 6 January. UK rallies before 31 March, continental rallies and motorhome show rallies are available to book as soon as they are advertised. Rallies will not be available on the online booking form prior to this date. Rallies will be removed from the online booking form once capacity has been reached. Please check the caravan rally listings on the Boundless website for more information. Please be mindful that Boundless caravan rallies are organised and run by volunteers. They give up their own free time to organise rallies on behalf of their fellow members. Rally marshals may be on another rally and/or overseas when making your booking. Please indicate on the rally booking form how many nights you wish to stay for (part-bookable rallies only). Full payment may be required up to one calendar month prior to the rally start date. Your booking may be provisional until a rally booking form and deposit are received by Boundless caravan rally marshals.
